

MICRO BUSINESS ACADEMY

Micro Business Academy is a training programme that equips caregivers with the relevant skills to start a family-owned micro business that can create work for their child with disabilities.

- 1 **Discover your unique micro business fingerprint:** Learn ideation, benchmarking and differentiation skills.
- 2 **Trial the viability of your ideas:** Pick up key job coaching skills to customise work for your child, and receive consultative support tailored to your family's needs.
- 3 **Sustain your journey by learning foundational business skills:** Kickstart your micro business, and gain access to an alumni community to get connected to opportunities from RC's network.
